VOL. IX.—NO 181

TEACHERS' HOME.

Its Location at Eureka Springs an Assured Fact

As Far as Our Citizens are Concerned.—The Papers Drawn Up.

The Committee of Ten who have been in conference with the committee of the International School Teachers' Association, finished their labors yesterday, and as far as the city of Eureka Springs is concerned the location of the Home is assured. The papers were drawn up as given below by the committee's lawyer, H. L. McCune, of Kansas City, and will need the signatures of the Committee of Ten. Thus it will be seen that the citizens of Eureka Springs have fulfilled their part of the agreement. It now remains for the Sanitarium Company to carry out their contract, the extension of the street car line, and the donation of the Eureka Springs Railway Company will have to be paid, and when this is done the Home's location here will be assured. We publish herewith the agreement:

Eureka Springs, Ark., June 4.
This agreement made and entered into this 2nd day of June, A. D. 1896, by and between the International School Teachers' Association, a corporation organized under the laws of the State of Missouri, party of the first part; and Chas. E. Davis, M. R. Regan, T. F. Hawley, W. A. Reese, W. B. Hardesty, Geo. West, R. M. Thornton, A. N. Matthews, R. H. James and W. M. Duncan, a committee representing the citizens of Eureka Springs, Ark., appointed at a public meeting of such citizens, parties of the second part, witnesseth:

Whereas, the said association has made a proposition to the citizens of Eureka Springs to erect a building to be used as a School Teachers' Home in the said city, provided the said citizens will donate to the said association the sums of money hereinafter mentioned; and provided also that R. E. Brownell, Chas. E. Davis and D. D. Chidester will donate to said association forty acres of ground on which to erect said building; and building material to be used in the construction thereof; and will have water and sewer connections; and an electric street car line completed to said building, with reduced rates on said car line to members of the said association; and provided further that the Eureka Springs Railway Company will donate to said association the sum of \$3,750. and will furnish to the general officers of said association annual transportation over its said road; and whereas, the said citizens

of Eureka Springs have complied with the proposition of said Association by subscribing the sum of \$13,000, to be paid to said Association upon the expending by it of the sum of \$100,000 for labor and material on said Home building, and the further sum of \$5,000 to be paid in twelve months after the said \$13,000 shall have become due.

Now, therefore, it is agreed as follows: The said committee hereby agrees to exert its influence and its best endeavors to secure the payment of said subscriptions when due, the committee, however, not being responsible for the collection thereof; that it will within ten days from the date hereof forward to the treasurer of the association the original subscription lists above mentioned, on which are subscriptions aggregating the sum of \$13,000; that the only evidence that will be required of the expenditure of said sum of \$100,000 shall be the certificate of the superintendent architect of said building and the additional certificate of R. E. Brownell, Powell Clayton and W. M. Duncan that the certificate of said architect is true. If one or more of the last named persons shall have died, then the said certificate shall be made by the survivor or survivors of said three persons.

And the said association, on its part, agrees and promises that it will locate at the said town of Eureka Springs its First International School Teachers' Home, and will by October 26th, 1898, expend the sum of \$100,000 for work, labor and materials on said building.

It is agreed and understood by the parties hereto that should the said Eureka Springs Railway Company or the said Brownell, Davis or Chidester fail or refuse to carry out their agreements above mentioned with said association, then this agreement shall be null and void, and the said subscription lists shall be returned to said committee signing this agreement.

In witness whereof, the said committee have hereunto set their hands and seals, and the said association has caused its corporate name to be hereunto subscribed by its President, and its corporate seal hereto affixed and attested by its secretary the day and year first above written.

The Fortnightly.

The last meeting of the Fortnightly for this year was held at the residence of Dr. and Mrs. Chas. E. Davis.

The program consisted of select readings and recitations from the favorite authors of the members. The reading from each one's favorite author, together with the comments, formed one of the most interesting exercises of the year. It was an index of the culture of the citizens of Eureka Springs and we are glad to note that Mr. and Mrs. D. M. Anderson, of the International Teachers' Home were present, and expressed themselves as much pleased with what they heard.

One of the aims of the organizers of the Fortnightly is to make its meetings such that we may entertain congenial spirits who are always with us as visitors.

After the program had been rendered the Executive Committee was instructed to prepare and have printed during the summer the program for the coming year.

The Fortnightly then adjourned to meet again the first Friday evening in October.

But before leaving for their respective homes, the members were invited to enjoy a very pleasant surprise in the dining room. Dainty refreshments had been prepared by our beloved president and were served in that perfect style so characteristic of her.

It is due Mrs. Davis, our president, that we give her credit for much of the success of the Fortnightly since its organization. It was in her home that it was organized and she has given much of her time to furthering its interests. She, with every member, will always be proud that she was our first president.

Kate Field.

In the death of Kate Field, American journalism has lost a writer whose optimism made the whole world her friend.

Accustomed to the society of the rich and great, Miss Field never failed to show her love for the larger world about her. Fortune had been kind to her. She had traveled extensively and her associations had given opportunities which few enjoy.

Her death came while she was engaged in what was to be the crowning effort of her life. It was her ambition to be instrumental in annexing the Hawaiian Islands to the United States, and her last professional work was devoted to arousing public interest in this country in the project.

Her efforts show the boundless opportunities which are open to women of brains and industry under conditions which prevail in the United States.

It is difficult to see what more successful career Miss Field could have accomplished had all the "rights" for which many of her sex have clamored been accorded her. Instead of frittering away her life in a vain endeavor to broaden "woman's sphere," she proved that the field was already open.

When Baby was sick, we gave her Castoria.
When she was a Child, she cried for Castoria.
When she became Miss, she clung to Castoria.
When she had Children, she gave them Castoria.

COUNTY TREASURER

We are authorized to announce the name of L. L. McKennon as a candidate for the office of Treasurer of Carroll County, subject to the action of the Democratic Party.

HON. EDGAR E. BRYANT,

whose reputation as a jurist and as an orator is second to no man's in the State. He is known to the outside world as a man of more than ordinary ability, and as a Democrat true and tried, who has spent years of hard work in the service of his party.

—Arkansas Standard.

J. M. HILL has a large following of enthusiastic personal friends in this county, but there are two facts against him that are hard to overcome. He failed of endorsement at the hands of the Democrats among whom he lives, and he has had no judicial training. Every lawyer knows that it often happens that the most brilliant and successful practitioner is the poorest kind of timber for a judge.

JUDGE BRYANT is one of the most brilliant men in the State and already has a national reputation. He is now Circuit Judge of his district and is considered a strong lawyer. He will come to the State convention with an enthusiastic endorsement from the counties of the Northwest, especially from Sebastian, Scott and Van Buren. We believe Green County Democrats will consider with much favor Judge Bryant's candidacy.—Soliphone-Events.

ON the tickets printed at this office we have stated the proposition on the money question in the only fair way we think it can be put. Counties that have voted on this matter have simply had "for free silver," or "against free silver. This forced every man not a gold monometalist to vote for silver or refrain from voting. We have printed the proposition this way: "For free and unlimited and independent coinage of silver at 16 to 1," or

"Against free and unlimited and independent coinage of silver at 16 to 1." This will enable Democrats who are opposed to independent coinage at a fixed ratio regardless of commercial value to vote intelligently without having to say they are gold monometalists.

COL. J. H. HARROD, candidate for Governor, in a circular letter says: "I stand with Crisp, of Georgia, and Senators Berry and Jones and all of our members to Congress from Arkansas, in holding that the place to win the victory for silver is within the ranks of the Democratic party; and I expect to support the nominees of all Democratic conventions— county, State and national. I expect to do this because any other course would result in the disintegration and ultimate ruin of our party. If you endorse for Governor a man who openly defies the party organization and declares he will not support the nominees of the national convention unless the action of the convention suits him, your nominations for local county offices will not be worth the paper upon which they are written. If one can bolt the nomination for President, another can bolt the nomination for governor, sheriff, clerk or representative. If you will reflect upon the matter, I know you will agree with me when I say that no party can long survive if such a course is followed. I ask the loyal Democrats of Arkansas to give this question careful and dispassionate consideration before making up their minds. In my campaign for Governor, I rely upon the support of Democrats— Democrats who love their party and do not intend to abandon it. If you feel that my position is correct, I shall be glad to have your indorsement."

Circular Letter.

To the Democracy of Carroll County:

Fellow Citizens—A card from A. P. Maples, with the certificate of Judge Worthington, J. P. Fancher and L. L. McKennon attached, is being circulated, which is liable to mislead the people as to my motive in calling attention to his (Maples') returns of delinquent personal property for the three years that he has made collections.

I have never said that he had not made his annual settlements; that is a matter of record and needs no other proof of the fact. I have referred to his lists of delinquent personal property and think I have a right to do so, as has any other tax-payer of the county. My objection to this matter is as follows:

1. The lists are large and do not show why he has failed to

collect the taxes as the law requires.

2. The law requires the collector to distrain property and sell it to make said taxes whenever he can find it; this he has not done in any instance that I have ever heard of.

3. In his settlement for 1895 he fails to settle for anything collected on said delinquent property, when it is well known that the delinquent lists were in the hands of deputies in the different precincts of the county for collection, and it is but reasonable to suppose that at least some of it was collected.

These are the points referred to, and not his annual settlements, of which I have nothing to say.

By reference to 6597 and following sections of Sandels & Hill's Digest, you will see the duties required of the collector in such cases and be able to see what grounds I have for calling attention to the matter. I have not accused Mr. Maples of any dishonest motives, but have called attention to the above facts as neglect of duty and a failure to comply with the law.

In justice to myself I feel it my duty to make this explanation while soliciting your support for the responsible office of sheriff.

May 28, 1896.

State of Arkansas,
County of Carroll.

In explanation of a certificate heretofore given to A. P. Maples in regard to his settlements, we meant to say, and do say, that said Maples has paid in to the proper office all funds as shown by said settlements to have been collected by said Maples. We would further say that as to personal delinquent taxes, said Maples has paid all that he has reported as collected. As to the amount collected we have no means of knowing, except from his report and settlement. His settlement for the year 1895 for the taxes of 1894 does not show that he has collected or paid anything on delinquents since the last settlement a year before.

JNO. I. WORTHINGTON,
County Judge.

J. P. FANCHER,
County Clerk.

collect the taxes as the law requires.

2. The law requires the collector to distrain property and sell it to make said taxes whenever he can find it; this he has not done in any instance that I have ever heard of.

3. In his settlement for 1895 he fails to settle for anything collected on said delinquent property, when it is well known that the delinquent lists were in the hands of deputies in the different precincts of the county for collection, and it is but reasonable to suppose that at least some of it was collected.

These are the points referred to, and not his annual settlements, of which I have nothing to say.

By reference to 6597 and following sections of Sandels & Hill's Digest, you will see the duties required of the collector in such cases and be able to see what grounds I have for calling attention to the matter. I have not accused Mr. Maples of any dishonest motives, but have called attention to the above facts as neglect of duty and a failure to comply with the law.

In justice to myself I feel it my duty to make this explanation while soliciting your support for the responsible office of sheriff.

May 28, 1896.

State of Arkansas,
County of Carroll.

In explanation of a certificate heretofore given to A. P. Maples in regard to his settlements, we meant to say, and do say, that said Maples has paid in to the proper office all funds as shown by said settlements to have been collected by said Maples. We would further say that as to personal delinquent taxes, said Maples has paid all that he has reported as collected. As to the amount collected we have no means of knowing, except from his report and settlement. His settlement for the year 1895 for the taxes of 1894 does not show that he has collected or paid anything on delinquents since the last settlement a year before.

DEMOCRATIC PRIMARY.

Pursuant to a meeting of the Democratic Central Committee of Carroll County, Arkansas, held at Berryville on March 16, 1896, it was ordered that the Democrats of said county hold a primary election in their several voting precincts on

Saturday, June 6, 1896,

for the purpose of nominating State and County officers, United States Senator, Congressman and Prosecuting Attorney, said primary to be held in accordance with the Australian ballot system.

None but Democrats who are legal voters shall be allowed to vote and no voter shall be permitted to vote outside of his township or precinct. Election judges are especially requested to see that this rule is strictly adhered to.

The returns of said election in each township shall be made to the Democratic Committee at the court house in said county and delivered to the chairman by one of the judges of said election by 10 o'clock on the 10th day of June, 1896, when and where the Central Committee will count the votes of said primaries in the presence of all who wish to be present and declare the result. The person receiving a plurality of all the votes cast in the county at said primary election for which he was voted shall

be by said committee declared the nominee for that office.

Any person having good cause may challenge a voter and if the decision of the judges be not satisfactory will have the right to appeal to this committee.

Said primary election to be conducted and held by the persons who are hereby appointed judges thereof for the several townships for which they are named.

If any of the judges or clerks hereby appointed fail to attend or refuse to act, then the Democratic voters present at the hour designated for beginning said election may elect other persons in their stead.

DON'T STOP TOBACCO.

How to Cure Yourself While Using It.

The tobacco habit grows on a man until his nervous system is seriously affected, impairing health, comfort and happiness. To quit suddenly is too severe a shock to the system, as tobacco to an inveterate user becomes a stimulant that his system continually craves. "Baco-Curo" is a scientific cure for the tobacco habit, in all its forms, carefully compounded after the formula of an eminent Berlin physician who used it in his practice since 1872, without a failure. It is purely vegetable and guaranteed perfectly harmless. You can use all the tobacco you want while taking "Baco-Curo." It will not irritate when you stop. We give a written guarantee to cure permanently any case with three boxes, or refund the money with 10 per cent interest. "Baco-Curo" is not a substitute, but a scientific cure that cures without the aid of will power and with no inconvenience. It leaves the system as pure and free from nicotine as the day you took your first chew or smoke.

Cured by "Baco-Curo" and Gained Thirty Pounds.

Clayton, Nevada Co., Ark.

Jan. 25, 1895.

Eureka Chemical & Mfg. Co., La Crosse, Wis.—Gentlemen: For forty years I used tobacco in all its forms. For twenty-five years of that time I was a great sufferer from general debility and heart disease. For fifteen years I tried to quit, but couldn't. I tried various medicines, among others "No-To-Bac," "The Indian Tobacco Antidote," "Double Chloride of Gold," etc., but none of them did me the least bit of good. Finally, however, I purchased a box of your "Baco-Curo," and it has entirely cured me of the habit in all its forms, and I have increased thirty pounds in weight and am relieved from all the numerous aches and pains of body and mind. I could write a quire of paper upon my changed feelings and condition.

Yours respectfully,

Published Every Thursday.

During the past year the conductors

of the Post Dispatch have been many

times urged to publish a weekly edition.

The requests have come chiefly

from farmers, laborers and others,

who are not so situated that they can

take or read a Daily newspaper.

Similar requests have come from post-

masters, news agents and others who

are in close touch with the people.

In compliance with these requests,

which seem to indicate a widespread

popular demand, the publication of

The Weekly St. Louis Post Dispatch

was begun on Thursday, May 14.

It will be an eight page newspaper

consisting almost entirely of reading

matter carrying little or no advertise-

ing. It will be issued once a week (on

Thursdays), at the extremely low

price of 50 cents a year. As the object

of the publishers is to furnish a Weekly

newspaper for the masses of the

people, it was deemed preferable to

publish a regular once-a-week weekly

at half the regular price, rather than

a twice-a-week issue at the usual price

of \$1 a year. It will, like the Daily

Post-Dispatch, be a Newspaper for the

People, championing Western Men

and Measures, and standing for those

Policies, the success of which is essen-

tial to the prosperity of the masses of

the people in the West and South, and

in the country at large. The Post-

Dispatch is known as the only metro-

politan newspaper that uncompromis-

ingly advocates the free coinage of

silver at the ratio of 16 to 1, and that

steadfastly resists the encroachments

of plutocracy and Corporation In-

fluence in politics. It is also known as

the liveliest, most enterprising, most

readable and best illustrated news-

paper in St. Louis. The qualities that

have distinguished the Daily Post-

Dispatch will also characterize the

Weekly Post-Dispatch. It will be crisp

bright, readable, and well illustrated

In addition to all the News and the

cream of public discussion, it will con-

tain the best of the Editorials in the

Daily Post-Dispatch; Short Stories,

According to a celebrated anatomist there are upwards of 5,000,000 little glands in the human stomach. These glands pour out the digestive juices which dissolve or digest the food. Indigestion is want of juice, weakness of glands, need of help to restore the health of these organs. The best and most natural help is that given by Shaker Digestive Cordial. Natural, because it supplies the materials needed by the glands to prepare the digestive juices. Because it strengthens and invigorates the glands and the stomach, until they are able to do their work alone. Shaker Digestive Cordial cures indigestion certainly and permanently. It does so by natural means, and therein lies the secret of its wonderful and unvaried success.

The firemen's ice cream festival and social to be given tomorrow night at the opera house should prove the best event in this line that has occurred this season. When one considers that the object is so worthy, namely, the proceeds to go toward the purchasing of uniforms for the several companies, it is but justice that we should all attend and extend to the fire laddies our hearty support. The ladies who have the affair in charge and who will make it the success it should be, are Mrs. Regan, Mrs. Penn, Mrs. James, Mrs. Pendergrass, representing the First Ward; Mrs. Bridgford, Mrs. Turner, Mrs. Tobien, Mrs. Wallace, Mrs. Wadsworth and Mrs. Guffy, for the Second Ward; and Mrs. James, Mrs. Gear, Mrs. Gear, Mrs. Marrow and Miss Katherine Rippetoe, for the Third Ward. Any attention shown these ladies when they call upon you will certainly be appreciated by them. Don't forget that tomorrow, Thursday, is the date, and put your fingers on a quarter and get your money's worth for it by attending the firemen's social.
