EUREKA SPRINGS, ARKANSAS, SATURDAY EVENING, FEBRUARY 5 1898

VOL. XI.—NO 66

We may expect some startling news presently regarding the now defunct Teachers' Home. We feel like offering a reward of \$5 for the person who makes the closest guess of the amount said organization "bilked" the confiding public out of.

Prof. C. M. Barnes has started a class in vocal music. The first meeting will be held at the Baptist Church tonight. Lessons will begin Monday night. Prof. Barnes would like to meet all who are interested in vocal music tonight.

Eureka Spring is better advertised today than ever before since the city was founded, thanks to the Commercial Club. Are you a member? If not do you ever feel a pang of remorse for reaping the benefits of your neighbor's enterprise?

Dr. Chas. E. Davis desires to announce to his patients and friends that the Eureka Springs Sanitarium Treatment Rooms are temporarily closed for refitting and that when opened will be much more efficiently arranged for the care of patients than ever before. Meantime, he will be pleased to see them at his residence on Crystal Terrace, or will call at their homes. Residence telephone 108

We understand that there will be thirteen families arrive in our city in a few days from Wisconsin, who expect to buy farms and make this county their future home. We have also been informed by a gentleman from Minnesota that five families will arrive from his home in a short time. We gladly welcome our northern neighbors and can assure them our real estate men will find homes for all who wish to have a home where peace and plenty will be their lot.

One of the neatest of stores with a most carefully selected and arranged stock, is H. M. Coyle's, at the corner of Mountain and White Streets. We saw them display a handsome line of queensware, which cannot be excelled. The very prettiest designs and the daintiest of this pretty ware were a delight to the eye and no doubt to the purchaser. A full line of crockery, queensware, glassware and many other articles are carried in stock. It will pay you to call and see for yourself.

Resolutions of Respect.

The following resolutions of respect to the late Mr. Chas. S. Brownell were adopted by the Fortnightly Club by a rising vote at the meeting last evening at the residence of Mrs. W. E. Penn: Whereas, It has pleased our Heavenly Father to call home our friend and brother, Charles S. Brownell, of Chicago, first president of the Fortnightly Club of Eureka Springs, Ark., whose presence in its meetings was as an inspiration and benediction.

Resolved, That the memory of his cheery helpfulness, his interest and attainments in all matters of education of head and heart are a testimony to his worth and an inspiration most gratefully helpful to us as a literary society and as individuals.

Resolved, That, though we suffer loss, we rejoice in his gain that he has been promoted to the higher and nobler life, and to the realization of these spiritual joys which are prepared for the pure in heart.

Resolved, That we extend our tenderest sympathy to her who has been his companion for many years and the sharer of his every joy and sorrow, and that we commend her to the "Father of all mercies and the God of all comfort," who has so long been her strength and shield.

Resolved, That this sincere testimonial be spread upon the minutes of our club, published and sent to his wife and friends in this time of their affliction.

CHAS. E. DAVIS, M. D.,
PERSIS L. CHRISTIAN,
PROF. C. S. BARNETT,
Committee.

SCROFULA

It is Foul Blood's Advertisement

But It is Soon Cured by Hood's Sarsaparilla.

Yes, Scrofula, if anything, may be called the advertisement of foul blood. It is the scourge of the world—offensive, painful, debilitating, stubborn and well nigh unendurable.

Outward applications do not cure, they only drive the difficulty to new quarters. Emollients may palliate, they cannot abolish the evil. There is but one sure way out, and that is to eliminate the taint from the blood.

There is one remedy that can effect this, and it is the only one that, so far as we know, has almost invariably succeeded—even where the system has been poisoned by long years of taint, and the ravages to be repaired are tremendous. That remedy is Hood's Sarsaparilla. Read this:

"My daughter was afflicted with impure blood. There were running sores all over her body and they caused her much suffering. We tried medicines that were recommended as blood purifiers, but could not see that they did any good. A friend told me about Hood's Sarsaparilla and I began giving the girl this medicine. The result was that she was perfectly cured after taking a few bottles. She has had no symptoms of scrofula since that time." MARIETTA M. SMITH, South Middleboro, Mass.

Hood's Sarsaparilla

Is the best—in fact the One True Blood Purifier. Insist upon Hood's; take no substitute.

Hood's Pills act harmoniously with Hood's Sarsaparilla.

Mrs. Callie H. Howe, national organizer and lecturer for the W. C. T. U., certainly did justice in this city to the cause she so ably represented. Her visit to Eureka Springs will be long remembered, not only by the local union, but by the many visitors as well as citizens who had the pleasure of hearing her. She employed her time while here in giving instruction along the various lines of the work. She addressed every grade in the public schools from the primary to the high school, and expressed herself as being delighted with the manner she was received by both teachers and pupils. She scored a long mark of credit to Supt. Barnett when she found that he had introduced scientific temperance instruction in his department of school work. She gave an afternoon to the local union in their rooms, and closed her work by delivering on Thursday evening, a most pleasing and profitable address. Mrs. Howe is a young woman to be placed in a position of so much responsibility but she evidently is winning an enviable record for herself, in this her chosen line of work, and also winning many friends for the great National Christian Temperance Union.

Something to Know.

It may be worth something to know that the very best medicine for restoring the tired out nervous system to a healthy vigor is Electric Bitters. This medicine is purely vegetable, acts by giving tone to the nerve centres in the stomach, gently stimulates the Liver and Kidneys, and aids these organs in throwing off impurities in the blood. Electric Bitters improve the appetite, aids digestion, and is pronounced by those who have tried it as the very best blood purifier and nerve tonic. Sold for 50 cents and \$1.00 per bottle at Porch & Crook Drug Store.

The Democratic party, of Arkansas, in convention assembled, renews its allegiance to the time-honored principles of the party, and declares as follows:
We favor bimetallism and to that end we insist upon the free and unlimited coinage of both gold and silver at the ratio of 16 to 1, as money of final redemption with equal legal tender powers, independent of the action of any other nation.

To the Democrats.
Recognizing the fact that the TIMES-ECHO has always stood for the true principles of the Democratic party, and its editor a honest advocate of the tenets of Democracy, therefore we recommend it to all Democrats as worthy of support and recognize it as the official organ of the Democratic party in the Western District of Carroll County, Arkansas. GEN. BLANCO failed to buy off the Cuban leaders. What will the next move be? A war of extermination failed; autonomy has failed, and an effort to bribe the Cuban leaders has failed. What can poor Spain do? The Cubans deserve liberty and the United States should assist them.

THE vilest human being is the scandal-monger, male or female, as the case may be. These vampires who feed upon the morsels of every bit of idle gossip that floats about, and enlarge it to suit their depraved tastes, often to the severe detriment of the character of some good person, often so much better than they, that comparisons would find these human serpents a puerile, pusillanimous pack of nobodies.

MONDAY circuit court convenes, and with it the grand jury. We know that in many things the grand jury can do estimable service to the community; in many others, much harm. If the grand jury will pay attention to violations of the law and try to find substantial evidence sufficient to bring an indictment, well and good; but when some of the old fossils who have a grievance to ventilate, or the spiteful neighbor, who wants to get even, comes "nosing" around, let the grand jury take their evidence for just what it is worth, and that is—nit.

CAN there be anything more despicable than the hypocrite—the hypocrite in all things—but more so the religious hypocrite, whose whole life is a living lie; who, under the pretense of professing Christianity, masks a multitude of sins that the worst infidel would not stoop to commit; these kind of people who foul their mouths out of the church with coarse jests and think to purify it by uttering a prayer in the church; these people who refuse to pay their honest debts, yet pose as Christians; these people who stoop to the most contemptible methods in business, and yet ask that they may be permitted to pray for a sinner; these social cut-throats, under whose tongue slander is rolled and many a poor boy or girl's life everlastingly blasted by these gossiping hypocritical wretches, who pose as

ideals—patterns for others—but know not what they do? Can we suppose that they will be accepted into the Kingdom in full glory? No; there is a just God who will pay to them their dues and make them suffer as they should suffer.

As THE days pass, the weeks roll by, and the half promised reduction of our city officers' salaries seem to be getting further away than ever. It is meeting with some opposition. Why? Because people can not see that it is a matter of economy. If we are to go into debt every year, let us go into debt for something we can see—some marked improvement. Don't let us year in and year out, pay out for something that does not improve our city. We need city officers and we don't want them to work for nothing, but we want them to be public spirited enough to serve the city for a reasonable sum, and there are plenty of good men who will do this.

A HEALTHY WIFE

Writes of Dr. Hartman's Free Home Treatment.

Mrs. F. M. Badgett, 819 New street, Knoxville, Tenn., writes a letter for publication, which she desires all her suffering sisters to read. She writes: "When I was 16 years old, I suffered with female weakness of the worst kind and spent all I had trying to get cured. I tried several of the best physicians, but they all failed to cure me. I gave up all hope of recovery. Finally Dr. Hartman's treatment was recommended to me by my teacher, who also lent me the money to get the medicine which Dr. Hartman prescribed. I took the treatment and it cured me. I am now a healthy woman, weighing 194 pounds, and I owe it all to Dr. Hartman's treatment. I am sure I would not be living now if it had not been for his treatment. I cannot help recommending it to all sufferers, and will answer all inquiring letters."

Any woman wishing to apply for Dr. Hartman's free home treatment has only to send age, symptoms, duration of disease, when the doctor will prescribe the proper treatment. The medicine can be obtained by each patient at the nearest drug store. Each woman should have a copy of Dr. Hartman's latest book on the diseases peculiar to women, called "Health and Beauty." Sent free to any woman by The Pe-ru-na Drug Manufacturing Company, Columbus, Ohio.

THE severest blow the Republicans ever received was when the Teller resolutions were defeated in the House. Excuses, many and varied have been offered by individual Republican members of Congress, many of whom acknowledge that the party lash forced them into voting against the resolutions. Far better would it have been for them to have shown the courage of their convictions and voted accordingly, than to have helped sing the dirge for the burial of the Republican party under an avalanche of votes of a deluded people at the next election. When party fealty in a public officer is greater to him than his duty to his constituents, his "head should be cut off." When the word of the allied moneyed aristocracy is greater than the will of the great majority of the people, then the end is near for he who forgets his duty.

On Tuesday, February 8th, the Odd Fellows and Rebekahs will give an entertainment at their lodge hall. The reception committee of the Rebekahs will represent a phantom party and receive distinguished visitors from the Fiji Islands and other Oriental countries. Other forms of amusement will also be presented. But above all, and what everybody will enjoy the most, will be supper served—such a one as only the ladies of the Rebekahs can serve. And all these good things will be given for 25 cents admission at the door. The public generally are cordially invited to attend, and remember that the proceeds entire will go toward furnishing the Odd Fellows' Widows and Orphans Home, a most worthy object.

Messrs. Ely Bros: The Balm reached me safely and in so short a time the effect is surprising. My son says the first application gave decided relief. I have a shelf filled with "catarrh cures." Tomorrow the stove shall receive them and Ely's Cream Balm will reign supreme. Respectfully,

101 YEARS OLD.

Her Health in Recent Years is Due to PAINE'S CELERY COMPOUND

"Think of it! More than a century old!"
And her old age is not a calamity.

Mrs. Emyle Hyde Grinnell, who two years ago at the age of 99, sent to the proprietors of Paine's celery compound an unexpected and unsolicited testimonial now two years afterward (when she lived in good health beyond a century) again writes with her own hand another hearty letter of thankfulness for the wonderful good this great remedy has done her.

Mrs. Grinnell was born in Bennington, Vt., July 6, 1796 and is to-day living with her daughter, the wife of Martin Fowler of Colchester, Vt., a beautiful town near Fort Ethan Allen. Her father was a farmer and hotel keeper, and she lived upon the farm until her marriage.

Mrs. Grinnell rises at daylight, works about the house, and when the weather will permit walks out doors. Her eyesight is good, and she spends many hours crocheting and doing fancy work. She keeps abreast of the times, and is remarkably well informed. She declares that she does not feel any older than she has for years, and if people half her age enjoyed such health as she they would consider themselves fortunate. She has had seven children, four boys and three girls, two of whom are living to day.

In 1895 she wrote to the proprietors of Paine's celery compound: Paine's celery compound has been my health preserver during the last few years. Whenever I have an ache or a pain a few doses of this remedy gives me relief and strength. Few women even though much younger than I, enjoy as good health, for my appetite is natural, my sleep refreshing, and I can walk quite a distance without feeling tired. People are surprised at my vigorous appearance and activity, which I believe is the result of my using Paine's celery compound. It has cured me of constipation, and is of great help to me when

over tired. Gratefully yours,
Mrs. Emyle Hyde Grinnell.
Two years after, Mrs. Grinnell still vigorous, writes another grateful letter in praise of this great remedy that has done so much for her:

Dec. 11, 1897.

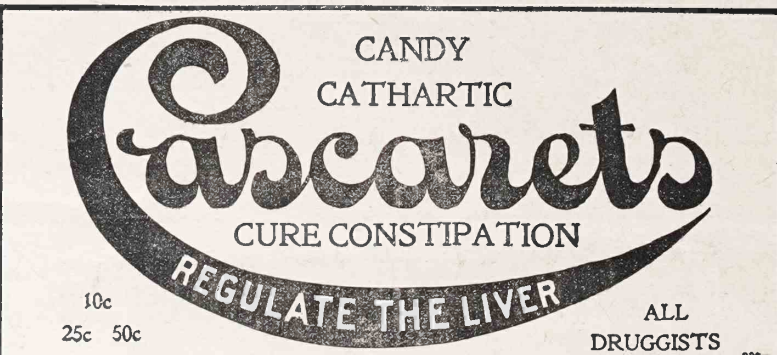

Wells, Richardson, Co.
Gentlemen—Paine's celery compound still keeps me from weakness and sickness. I do not use it continually, but take it occasionally, and as a consequence have not been sick for a long, long time. I recommend Paine's celery compound to every one in need of a remedy, and hope every old person will use it and be saved sickness and suffering. Yours very truly,

Mrs. Emyle Hyde Grinnell.
Paine's celery compound is especially valuable for recruiting the strength and spent energies of men and women advanced in years. It is the one preparation considered worthy the name of a true nerve food and blood remedy by physicians throughout the country. It is prescribed by them in every State in the Union to tone up the system, regulate the nerves and restore health and strength.

Nothing in the past has ever approached it in power of building up weakened nerve tissues and giving strength to the tired body. In severe cases of persistent headaches, dyspepsia, neuralgia and sleeplessness, due to nervous feebleness, Paine's celery compound has a record of rapid and lasting cures that embrace every city and town in the wide sweep of the United States.

Its remarkable power over disease lies in its active replacing of worn-out parts by new healthy ones, and its healing and purifying action among the most minute tissues of the body. It searches out the weak parts at once, and sets to work to build them up. The tired body feels the strengthening effect of Paine's celery compound forthwith.

Give the nerves a chance to recover, and the entire body will regain its health and strength. Take Paine's celery compound.
