Happenings that Interest our Citizens and Visitors

Unable to Hold

St. Petersburg, March 24, 1:45 a. m.—The possibility that if the Russian army should be unable to hold the lower line of the Sungari river at Chunchiatsu, it may be compelled to retreat not only to Harbin, but also further westward along the railroad, abandoning to the Japanese northern Manchuria and the Russian maritime Amur provinces all, is the latest startling news from the front.

Strategic weakness of General Linevitch's position if he falls back northward is made clear by a Gunshu dispatch to the Associated Press in which it is pointed out that unless the Chunchiatsu and Sungari lines, a scant hundred miles between Harbin, can be held it will be difficult to maintain the position farther back before Harbin, where, with the front of the army paralleling the railroad, the practicability of a turning movement to completely sever the communications and isolate the army 6,000 miles from home is too

that General Linevitch may be compelled to abandon Harbin and retire toward Lake Balkal, leaving Vladivostok to its fate, is regarded as almost unwarranted by anything that is officially known here, it being pointed out that Oyama will have a long and laborous task to bring up an army of 300,000 or 400,000 men. Meanwhile Russian reinforcements are arriving at Harbin at the rate of 1,200 men per day.

The Best Chance

The Hon. Thos. H. Jones of Little Rock, Grand Commander of the Order of Knights Templar for Arkansas, who was a visitor in the city the past two days, and in whose honor Cyrene Commandery No. 9 gave a most enjoyable banquet at the Roof Garden Cafe Wednesday afternoon, is a leading member of the Presbyterian church in his home city, and a member of their local committee to secure the Southern Presbyterian Seminary to be built by the Synod of this state. In company with Dr. Davis yesterday forenoon he rode over

After Back Taxes

Little Rock, Ark., March 23.—Attorney General Rogers has instituted suits against the Armour Packing company and the St. Louis Refrigerator company to recover back taxes on private car lines used in the state on an approximate valuation of one million dollars. It is announced that suits will be instituted against other companies that have used private cars in Arkansas during the last ten years which have not been taxed.

Sails for Berlin

It will be pleasing to the many friends of Miss Martha Regan to know that Mrs. Regan's sister Mrs. Virginia C. Logie, who has made several visits to this city and has many friends here, sails tomorrow on the steamer Patricia for Berlin, Germany, where she will join Miss Martha and remain with her until she completes her education. Having spent a year in Germany, Mrs. Logie feels she would enjoy the stay there, and the companionship of this worthy and cultured lady with Miss Martha, will be an advantage and pleasure for both. Miss Martha's friends will be glad to know that she is progressing nicely with her studies.

ADDITIONAL LOCALS.

F. N. Claflin & Co., are having their office repaired and calcimined.

Mrs. E. C. Overstreet has charge of the Western Union Telegraph office today while Miss Jessie Smith is enjoying the pleasures incident to a fishing excursion.

Fred and George Kennedy, the carpenters have been busy the past few days putting new spindles and bannisters on the porches of the Thompson cottage on Singleton street, which add greatly to the appearance of this very attractive property.

Fred Kennedy yesterday sold his cottage on the mountain just above the Sweet Spring to W. G. Baldrige for a consideration of \$900. S. E. Hays made the sale. Mr. Kennedy who is a carpenter is looking for some nice lots, on which as soon as secured he will build a fine modern cottage.

Judge Ray informs us of the death, at Joplin, Mo., of his son-in-law, A. W. Blackford, which occurred on the 21st inst. Mr. Blackford was formerly a resident of Eureka Springs where he was a prominent worker in the M. E. church and the news of his death will be received with sorrow by a large circle of friends. He has been in ill health for several years.

W. C. Barnett today purchased the plumbing business of C. H. Sanford, and will conduct the business in the future. Cleveland does not know just what business he will enter at present, but being of an industrious turn, will soon be busy of course. Mr. Barnett is a thorough business man, well known to our people, and will no doubt build up a most successful business.

serious for Russian consideration. In view of this possibility the dispatch alluded to suggests the advisability if immediately providing Vladivostok with war munitions and supplies for a two years' siege.

The correspondent estimates the number of reinforcements needed to give Linevitch a requisite superiority in force at 200,000.

That such a dispatch should have been permitted to pass the censor at the front is significant and if Linevitch has communicated a similar estimate of the situation direct to Nicholas it may account for his majesty's increased disposition to listen to peace counsels and open negotiations before the Japanese establish themselves on Russian soil.

With Manchuria entirely abandoned to the Japanese and Vladivostok left as a Russian solitary sentinel on the Pacific, it is realized that Russia will be practically at the Japanese mercy in the matter of peace terms.

Mr. Jones is greatly pleased with our city. Its healthfulness and beauty being grand indeed in his estimation. His reception by his order and the people was also most gratifying to him, and he left with words of praise to be spoken for our resort. The banquet at the Roof Garden Cafe, also received especial praise from the Grand Commander.

A Candy Oration

Tell everybody about Blancke, and Allegretti's candies because they are worth telling about. If you are lucky enough to buy them, you know what they are. You know they are pure, and sweet, and wholesome. You know they are made by people who know how to make good candies. If you don't know about these candies, just take our word for it, they are the purest and best candies in America today. 40 to 60 cents a pound. Hawley's.

tired from the state at the close of business last night, on account of being unable to comply with the provisions of the King-Logan anti-trust law, which becomes effective today. Of the eight which remained only two are members of the National Board of Fire Underwriters. The remaining five are Texas and New Orleans companies, which are able to remain in the state, as they are not members of rating agencies or underwriters' agencies anywhere in the world.

Sixty-eight of the largest old-line companies last night canceled the licenses of their agents in the state and the latter are not now authorized to transact any business for the companies with the policyholders.

Chafing Dish Club

Miss Lessie West entertained the Chafing Dish Club at the home of her aunt, Mrs. W. E. Moore last night.

The club was entertained with a "Wedding Menu", each guest being required to name some part of a wedding ceremony which could be answered with the name of some dish. These were four successful contestants and in the draw Miss Juanita Kile won the prize. The guests were then invited to the dining room, where the chef d'oeuvre, blanquette a la veal, was prepared on the chafing dish and a sumptuous repast was served. The favors of the evening were tied up in English walnuts and the fortunes of the young ladies were found therein. After refreshments had been served the guests again repaired to the parlor, where they were asked to guess the articles to be found in a small boy's pockets. A pair of trousers were exhibited and it was found that there were sixteen articles in the pockets. Misses Juanita Kile and Estelle Baker each guessed nine of the articles and in deciding the affair Miss Kile was again successful.

Crescent Ball

Take Notice—Manager Truitt wishes to explain to the Eureka social circle that the little sentence in the corner of the announcement viz: "Evening Dress" really means "Sunday Clothes." He appreciates the fact that some gentlemen never wear full dress, for the reason that they do not admire it, and wishes that everyone who belongs to this circle to feel they are welcome to come, whether in a full dress suit or a business suit.

He is desirous of making the Crescent Ball a "love feast" and not a "riding line" between the Hotel and the Town-people.

That proposition for... south is one hailed with every citizen of Eureka. It would mean a population of those who are forced to insurance in these un-thousand for Eureka Springs in one year after it had made s-ern connections.

A correspondent of the Ber-ville Democrat says the fruit grow-ers of their locality are now doctor-ing up the fruit trees that were in-jured by the rabbits. The wound is first covered with mud and then wrapped securely with a cloth which is allowed to remain until the tree can form a new bark.

Congressman Hull of Iowa is an alarmist of the extreme time. He is fearful that when Japan gets through with Russia she will at-tempt to wrest the Philippines from us. Even if the little Yankees of the east had any such intentions, it will take them twenty-five years to recover sufficiently from this war to expect to try conclusions with us.

The Boone Banner in comment-ing on the burglary of the Times-Echo which occurred recently says: "The 5 cent account sounds about right, but the \$20 business is a lit-tle fishy." In the Times-Echo's account of this affair we did not mean to appear boastful, nor to in-timate that \$20 on hand was an every-day occurrence. The fact that we had the \$20 and that the bold bad burglar should come and get it, or even suspicion that we had it are conditions that create wonder in the minds of the news-paper fraternity. We promise never to let such an opportunity occur again, and numerous credi-tors we feel sure will aid us in keeping this promise.

by fire a few days ago. The in-suring was insured in one of the wad-cat companies of the state, and the following the fire he received that the company had failed. is believed by many, will of those who are forced insurance in these un-concerns.

Alice G. Fisher, of Fay-etteville, Ark., mother of the young who got into trouble by forg-ing a check, arrived in the city this morning, and made good the loss to the bank. Mr. Bare, of the Citizens Bank, stated to the Times-Echo editor this forenoon that in-as-much as the young man's mis-chief was committed while he was in a state of intoxication, and that his previous record had been clear of wrong doing, they would not prosecute the case. Mrs. Fisher was almost overcome by her son's act, and ascribes it more to his condition and bad associations than any intention to do wrong. The family bears a splendid reputation in Fayetteville, where they have lived for many years.

For the Art Lover

We have secured a series of four of the finest art colortypes that have been produced in recent years. They are beautiful types of feminine loveliness and represent the four seasons of the year. Art Souvenirs in this offer.

The large Panoramic View of Eureka Springs, size 28x42 inches, which has won so much favorable comment, and is such a splendid representation of the city, is one of the art souvenirs named in the foregoing combinations.

For the Ladies

You know the Pictorial Review. It is published in New York City, with branches in Paris, London and Berlin. It is the greatest Home, Family and Fashion Magazine in America, and sells regularly for 15 cents per copy. The parent company of the Pictorial Review publishes seven other fashion journals, ranging in price from \$7.50 to \$40 each for a single yearly subscription. No high class tailor or modiste would pay this price were these journals not accepted as THE authority, and their acceptance is the best proof of their reputation for being the originators and importers of the latest "correct styles." Pictorial Review is par excellence, the magazine for the woman of the home. Millinery, Home Dressmaking, House Decoration, besides a wealth of good, substantial, readable stories, with occasional pages of the latest music, all go to make Pictorial Review the one magazine that is missed if it does not arrive in time. Children's styles are given several pages. Paper patterns may be obtained of every style shown, a feature all women appreciate. Commencing with the April number, the Pictorial Review will contain 64 pages, including some new features that will make it even more enticing for the ladies than ever before. The regular subscription price of Pictorial Review is \$1.00, and the fact that the ladies of Eureka Springs are each month purchasing more copies of this than any other fashion magazine published is proof of its popularity. We recommend it as absolutely the best fashion magazine on the market at 15 cents per copy.

Madame

Have you seen Madame? It would be hard to contemplate a more superb publication than the monthly magazine of that name. It is the official organ of the National Council of Women of the United States, endorsed by over three million women. Its growth has been most marvelous, but this simply manifests the appreciation of its worth. Each month it is filled with a store of good things, all the heart can desire. It contains matter and illustrations equal to any like publication, and in addition each month contains a supplement—some late song or instrumental music by the best composers, a feature that will alone cost 25 cents at any music store.

The Latest Foreign News

The Springfield, (Mo.) Daily Republican brings the latest Associated Press News into Eureka Springs. It leaves the press at 3 a. m., six days in the week, and is distributed by the mail shortly after the arrival of the 7:20 train into Eureka Springs. It is a good, newsy paper, and in connection with the Times-Echo will give you all the essential news each day.

For the Southerner

The Weekly Memphis Commercial Appeal is the greatest paper of the South today. Its news and editorial comments are eagerly read throughout both the North and South, and it points the way of Southern sentiment more accurately than any other paper south of the Mason and Dixon line. Its Democracy is of the true blue variety—the kind that is a balm to the old-time Democrat's heart.

For the Fruit Grower

Fruit raising promises to be the greatest industry of the counties of Boone, Carroll, Benton and Washington in Northwestern Arkansas. Everyone who is interested in fruit culture should be a subscriber to the National Fruitgrower, the leading horticultural journal of this country, which will keep you posted on all the latest varieties of fruits and the method of their culture. This magazine is finely illustrated, and full of information and correspondence that will be of great value. If you are going to raise fruit, you need it in your business.

For the Farmer

The Southern Agriculturist is published at Nashville, Tenn. It is issued 24 times a year and the subscription price is 50 cents. It contains more reading matter than most dollar papers, and is edited by Southern men who know the needs of Southern farmers. Every issue is like a big experience meeting, the farmers' questions being answered by such men as Maj. Thos. Key, formerly Assistant Commissioner of Agriculture of Alabama, and Prof. Andrew M. Soule, Director of the Virginia Experiment Station. The Home Department is conducted by Aunt Anne, whom all readers soon learn to love.

The Kansas City Weekly Journal

No paper in the great West is more ably edited than the Kansas City Weekly Journal. All the news of the week ably commented upon by writers of exceptional ability. This paper, alone, is worth more than the totals for which it is clubbed. You'll not have another such opportunity.

The Kansas City Weekly Star

It has won its renown, and words of praise from us would be superfluous. Everyone knows that the Kansas City Weekly Star is one of the best independent papers published. We offer it in the above clubs practically as a gift, knowing that such an offer will be eagerly accepted by hundreds of people all over Northwest Arkansas.

Bob Taylor's Magazine

Hundreds of thousands of people who have been thrilled by Gov. Bob. Taylor's eloquence and charmed by his matchless word-painting, will welcome the announcement that this great orator and entertainer has decided to give the world a magazine that he will edit. In addition to Gov. Taylor's editorials, "Lights and Shadows," anecdotes, and his "Reminiscences of the Platform," it has been decided to run serially through the magazine all his great lectures, beginning with the Fiddle and the Bow," followed by "The Paradise of Fools," "Visions and dreams," "Dixie," "Love, Laughter and Song," "Sentiment," "The Old Plantation" and "Castles in the Air," all of which will be illustrated, so as to vividly portray the many quaint and humorous characters which have formed the basis of his lectures.

Tom Watson's Magazine

Tom Watson, the great Georgia politician, whose sayings and witticisms have gained him a deserved and national fame, has just issued the first number of his magazine. Be Ready

Nearly all of the business concerns have been canvassed in the interest of the Eureka Springs Quarto-Centennial Edition of the Times-Echo, and we hope Monday morning to commence canvassing the residences. All who have homes worthy of presentation in this edition are urgently requested to have photos of same taken, and we will be pleased to give them space. If you already have good photos it will not be necessary to have new ones taken. If new ones are needed, they will probably cost you one dollar. The half-tones of the average size used in our Louisiana Purchase Edition will cost \$1.50 each. In addition to this, each person having a residence inserted in this issue will be expected to purchase twenty-five copies at ten cents each. If you already have a half-tone cut of your residence, you will only be required to purchase the twenty-five copies of the paper, in order to have it inserted.

In other words, if you want to be represented in this edition and have a half-tone, it will cost you \$2.50.
If you have the picture and no half-tone, it will cost you \$4.
If you have to have a picture taken, and a half-tone made, it will cost you \$6.
