THE BASIN PARK HOTEL COMPANY
THEODORE L. HAWLEY, Manager

Popular Hostess Honors a Guest

Miss Leah Labsap entertained a number of her friends in honor of Miss Merl Foster, of Gardner, Kan., Thursday evening of last week.

The grounds looked beautiful in the light of Japanese lanterns.

Different games—such as anagrams, old maid, Sapolio, sewing buttons on a piece of cloth, and threading needles, were played, in which Miss Lillian Hines won the girl's first prize and Robert Lowery the boy's first prize, Miss Merl Foster won the guest prize, and Miss Ocie Adams and John Crozier won the booby prizes.

After dainty refreshments were served, we were given a surprise in the form of a mock wedding. Each guest drew a slip of paper, telling him what part he was to take. Miss Vesta Bailey was the bride, Tom Barnett the groom, Miss Esther Smith the bridesmaid, Jim Newport, best man; Miss Ruth Whitehead and Lucas Hill the bride's parents; Homer Smith, clergyman; John Putnam, usher, while the rest acted as guests.

The bride was dressed in white, with a bridal veil of mosquito net, and the groom was attired in black.

This wedding was the most fun-producing event of the evening, and the blunders of the clergyman in his first attempt, were laughable indeed.

The guests departed at a late hour, voting their hostess a most delightful entertainer.

Those present were: Misses Lillian Hines, Grace Regan, Mary James, Vesta Bailey, Rosa Barnett, Esther Smith, Catherine Mailer, Ruth Whitehead, Lydia Hamilton, Ethel Dickens, Ocie Adams, Merl Foster and Leah Labsap; Messrs. Robert Lowery, Homer Smith, John Crozier, John Putnam, Tom Barnett, Jim Newport, Lucas Hill and Albert Brown.

The Commissioners

Through misinformation, we Saturday left out the name of T. J. Gordon from the list of Water and Sewer Commissioners, which we printed for the information of the public. It seems that Mr. Gordon declined to serve as secretary of the board, and the editor got the impression that he had declined to serve on the board. The Times-Echo, and the people of Eureka Springs generally, count Mr. Gordon the soul of honor and one of her best citizens, and feel that they are to be congratulated on securing his services in this position. Mr. Gordon has ever been a faithful and energetic worker for the city.

So many of our citizens are unfamiliar with the personnel of the present board that we reprint their names today for the benefit of our readers:

Myron D. Jordan, chairman.
Capt. T. F. Hawley,
G. H. McLaughlin,
P. J. Cunane,
Arch M. Kimberling,
T. J. Gordon.

They are esteemed and representative citizens, and the citizenship of Eureka Springs will sustain the decision of Mayor Fuller, who refuses to insult them for the accommodation of men who should be patriotic enough to help the community in which they reside without inflicting any conditions. They are among the best and most successful business men of the city, and have the interests of the resort at heart. They will protect the interests of the citizens to the best of their ability, and they would not injure any individual interests.

Long live the present board.

Says There is Nothing Better

Col. J. H. Pyle, writing to the Walnut Ridge Blade from Eureka Springs, says:

"This is Sunday and one of the most beautiful days man ever looked upon. The sun is very hot, but as soon as you strike a shady spot (which is every hundred feet you go in any direction) it is cool and lovely with a bracing mountain breeze and makes you forget the hot sun a few feet back of you, and every little while you come to one of the many pure sparkling springs of cool and delicious water in which this whole county abounds. How many springs there are in a radius of three miles, I don't know, but I have been to eighteen I spend most of my time on the broad cool shady porches of the Southern. I feel as free and as much at home here, with the proprietor and his estimable wife, as I do at the good old Boas hotel at Hoxie; if I only had Mr. and Mrs. Gibson here, also, I would

want nothing more to complete my pleasure.

"This house is within 100 feet of the famous Basin spring, also a band stand where there is a concert given every evening and Sunday afternoon.

"Now since the 4th has past and gone, the hotel is filling up with as fine a set of ladies as I ever saw, as jolly a lot as ever lived; you would think you had known them for years—the men I don't know anything about, but guess they are all right, also.

I have been to a great many resorts, but never saw any place where the hotel and livery rates are as moderate as here with the same service. One nice feature of this house is the stranger is made to feel as welcome as the old-time acquaintance. No one need be lonesome unless they want to be. The only thing is lack of time to keep up with all things going on the car ride over the mountain, taily-ho and horseback riding, band concert, skating rink, dances and drinking water—it don't give much time to sleep—then another thing about beautiful Eureka, it is a pure Arkansas production."

Lands the New Normal School

J. J. Doyme, superintendent of Public Instruction, announced at noon yesterday that the new State Normal School will go to Conway and the spirited contest was at an end. His announcement followed an executive session of the State Normal Board. The contest has been on since June 7, when the board met and organized for the purpose of selecting a site for the school.

Conway was unanimously selected according to the report of Superintendent Doyme. Its offer was \$51,753 and the choice of a number of sites. As soon as the action of the board was announced, the Conway delegation invited the representatives of the other cities to the hotel for a few minutes and the invitation was accepted. Good feeling reigned and though the representatives of the unsuccessful cities regretted that all were not successful, they joined in congratulating Conway on its successful suit and good feeling reigned.

The selection of Conway was made first on account of the good offer and then because it was reported that many of the people in the southern part of the state have little or no interest in the State University because it is so far away from them. The board decided that it would not be policy nor justice to those people to establish the normal school so near to the State University, but felt that the honors should be more evenly divided. When the action of the board was considered in this light the various committees could not help but approve of the action.

Disastrous Collision At Purdy

Purdy, Mo., July 13.—Failure of the crew of a passenger train to observe the number of a sidetracked engine at Purdy today caused a disastrous head-on collision on the Frisco and it is reported that three people were injured.

Train No. 11, the passenger, left Fort Smith en route North and had orders to meet a freight at Purdy. As the train passed the station the train crew observed a freight train on the switch and took it for granted that it was the freight that it had orders to meet.

Proceeding under this supposition the passenger train left the depot and about a mile north collided head-on with the freight that it was supposed to meet. The train sidetracked was an extra waiting for orders.

The collision piled a number of cars in the ditch and tore up the track for a considerable distance and three passengers were hurt, none seriously.

Traffic on the line was delayed for several hours, but the wreck was cleared up and the track was replaced so that trains were running on schedule last night.

The Two B's

It becomes more apparent every day that visitors should have better facilities for securing vacant, unfurnished cottages.

The Two B's will list your furnished and unfurnished cottages and rooms and refer visitors to the owners free of charge. They do this to accommodate visitors, numbers of whom are calling on them every day.

FOR SALE—A good, gentle driving horse, buggy and harness. Address, Postoffice Box 538, Eureka Springs.

Chancery Court Convened Today

Chancery Court for this district convened in regular session this afternoon, Judge Humphrey presiding.

Judge E. S. McDaniel, Vol Walker and Col. A. S. Vandevanter, of Fayetteville, and Col. Fancher, of Berryville, are visiting attorneys.

Jeff Hailey, county collector, and Frank Carroll, sheriff, are also in attendance from Berryville.

Among the things of most moment to the readers of these columns was the approval by Judge Humphreys of the receiver, F. J. Coleman, for Eureka Water Company. The application for a receiver was made several days ago—by friendly creditors of the company, in order to protect the interests of all creditors and to prevent prejudicial action on the part of anyone. Mr. Coleman has had years of experience in the business and will see that none of the patrons of the company are denied their supply of Ozarka water.

W. B. Baker has established his son, Ollie, in business for himself, having given him a sawmill at Marble. Ollie, though young in years, is an experienced sawmill man, having been "to the manor born." Mr. Baker has two other mills and his boys have been taught the business from infancy.

A benefit concert will be given at the Crescent hotel next Thursday evening, which will be participated in by some of the best local and visiting talent, including the Crescent orchestra, Mrs. Dove Hyde-Carey, Mr. Roland Adkins, Miss Frances, Colby, Miss Leila Hill, Mrs. E. C. Glenny, Miss Bernice Linenschmidt, Miss Edna Adkins and Albert Brown. The program is being arranged by Albert Brown, and the proceeds are to go for charitable purposes.

A Runaway

Parties coming in on the east-bound train last evening witnessed a very exciting runaway at Gaskins. Dr. Annie Beckwith and a lady friend had driven out there in one of Freeman's rigs, and just as they reached Dr. Farrar's place, the train rattled by. Seeing the horse was frightened by the train, both ladies alighted from the vehicle, one of whom tried to hold the horse and pacify his fears.

But the animal jerked away and ran, the buggy spinning around in the air in the meantime. Finally the gearing came loose, and the buggy was left in the rear as the horse ran a mile farther. Strange to say, no damage was done, and the two plucky women returned to the city behind the horse, in company with the boy who captured the animal.

Rev. John Jeter Hurt, of Conway, who was recently called to the pastorate of the First Baptist church, has not accepted the work, but will take charge of the church for the next month, beginning next Sunday. The Summer Training School will be held here in August, and the First church felt that it must have a leader during its sessions, and so Mr. Hurt consented to come for a month. He will take hold of the work the same as if he had accepted the pastorate permanently, and it is hoped that at the expiration of the month, an under shepherd will have been secured.

The Presbyterian Sunday school will picnic at Beaver tomorrow, weather permitting. The young people expect to leave at 7 o'clock a. m.

This Bunch Beats Them All

Hawley's Post Card collection, is proving such a popular seller that it is keeping the captain pretty busy these days keeping the supply equal to the demand—not but what he has plenty of the cards, but the sorting of the packages takes time. But Capt. Hawley is a stayer, and is determined to send out a greater number of postals this year than ever before. These packages of 36 cards for 50c—three dozen for the usual price of two dozen—are the prettiest assortment ever shown, some being in black and white, and others in colors. The visitors appreciate these views, for the entire series give one a correct idea of the beautiful scenes and some of the popular pastimes of our resort.

There is nothing new in banking circles today, beyond the fact that the new national bank is now assured.

New Railroad for Fayetteville

Fayetteville, Ark., July 13.—The railroad for which the Commercial League of this city has been working for several months will, it now seems, be secured. The road will be a branch from Caney, Kansas, of the Cherryvale, Oklahoma & Texas railroad, better known as the Porter-Stabbs line. The company has a capital stock of \$18,000,000 and the line will run Southwest from Caney through Oklahoma to El Paso. The line to Fayetteville will be one of the branches, the other leaving the main line at Childress, Texas, and running to Arkansas Pass by way of Abilene, Texas. The incorporators of the road are: R. E. Wade and George E. Masters, of Perry, Okla.; J. H. Brewster, F. D. Brewster and A. W. Shulthis, of Independence, Kan., and S. M. Porter of Caney, Kan.

WAR AGAINST CONSUMPTION.

All nations are endeavoring to check the ravages of consumption, the "white plague" that claims so many victims each year. Foley's Honey and Tar cures coughs and colds perfectly and you are in no danger of consumption. Do not risk your health by taking some unknown preparation when Foley's Honey and Tar is safe and certain in results. The genuine is in a yellow package. H. T. Pendergrass.

Searching for Swindlers

A number of persons around Springdale and Fayetteville, Ark., would like to know who represents himself as C. E. McDonald, of Springfield, who has been getting in some smooth work as a grafter. One day last week he represented to E. B. Littlefield, a farmer living near Springdale, that he was desirous of buying a farm and gained the farmer's confidence.

The next day "McDonald" went to Fayetteville and called on E. B. Wall, an attorney of that place, representing himself as John Pierson of Lowell. He told Wall that he had sold Littlefield a brood mare for \$125 and requested Mr. Wall to collect the money.

The attorney wrote a letter to Littlefield demanding payment. The bold swindler followed up the letter and when it was deposited in the farmer's mail box, he took it out. The bogus Pierson addressed a letter to Walker & Walker at Fayetteville, containing a forged check with Littlefield's name and requested that it be turned over to Mr. Wall.

He supposed that Wall would cash the check, but instead it was placed with the bank for collection. "McDonald" never came to Wall for his money after he found that the check had been turned over to the bank.

E. R. Morgan, an attorney of Rogers, Ark., was fleeced out of \$125 in the same way that the grafter attempted to swindle Attorney Wall. In this case also Mr. Littlefield was the victim. George S. Bassett, a postoffice inspector of Fort Smith, has secured the facts in the case and is making an effort to arrest the man. The Springfield officers are on the lookout for "McDonald," who claims this city as his home.—Springfield Republican.

THE CHARMING WOMAN

Is not necessarily one of perfect form and features. Many a plain woman who could never serve as an artist's model, possess those rare qualities that all the world admires; neatness, clear eyes, clean smooth skin and that sprightliness of step and action that accompany good health. A physically weak woman is never attractive, not even to herself. Electric Bitters restore weak women, give strong nerves, bright eyes, smooth, velvety skin, beautiful complexion. Guaranteed at H. T. Pendergrass, Druggist, 50c.

Notice

On Saturday, the 20th of July, a contract will be let by the Sewer Commissioners for the laying of a sewer near W. R. Hudgens' residence. Apply to undersigned for specification. All bids must be sealed.

THE ONLY CERTAIN REMEDY FOR STOMACH TROUBLES

Nourrilean

A very independent Chicago Paper objected to publish-
ing a **Nourrilean** ad. Said the Manager:

"All patent medicines are a fraud;
I have a bad case of Indigestion;
nothing has cured it; your rem-
edy won't."

A box was sent him. He tried it and wrote

"Send on your ad—**Nourrilean**
cures. It is better than you
claim. I'll advertise it person-
ally and in the paper."

It contains no artificial digester, no alcohol, no opium,
no calomel, no strychnine or other poisonous drug, and is
absolutely free from all narcotics. The U. S. Government
would prohibit our use of the mails if this was not so.

A prominent Steel Trust Magnate ate a Dekalb, Ill., ho-
tel dinner; result:

A fiercely disordered Stomach.
Physicians all busy examining
schools. A druggist recom-
mended **Nourrilean**. Half an
hour later it cured. The Steel
Trust Magnate ordered a dozen
boxes and swore fidelity forever
to **Nourrilean**.

Nourrilean Does the Business Certainly and Quickly

Nothing in it to hurt even a child who swallows a whole
box. No family should be without **Nourrilean**—when want-
ed it's wanted quickly and acts quickly to relieve Indiges-
tion, Dyspepsia, etc.

Do not accept a substitute. There is nothing like it,
nothing that will produce the same result. Where necessary
it will be sent direct by mail in 50c packages of capsules.

Carried in stock by first class druggists. If your drug-
gist has none, order from the Nourrilean Remedy Co., 185

For Our Daily Diet

good, nutritious bread is just as important as clean, rich milk. Our physicians tell us of the disease germs that breed so readily in impure milk, which no doubt is true. It is equally true of uncleanly and unwholesome bread, which is the reason you should use Our bread. It is not only clean and nutritious, but it is mixed under absolutely sanitary conditions.

Contented!

Some people are easily satisfied, and think that an ordinary cigar is good enough, but the epicure, the man who knows a good thing when he smells and tastes it, always comes here to choose his "smoke" as well as the economical. How about yours? Have you tried a San Felice for 5 cents? Yum-Yum.

Men's Work Suits A Specialty

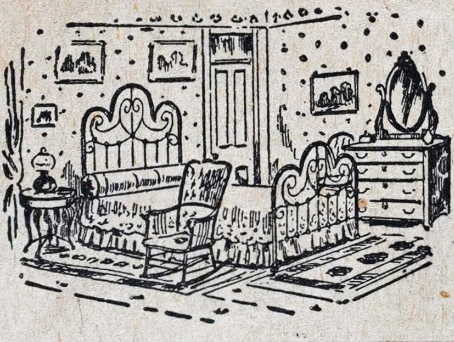

A Red Hot Argument

Any man who tries to sell you shoes and say they are better than Courtney's Full Vamp Shoes, just nail him by asking him why it is that they cut the leather out from under the tips of the kind of shoes he sells. It's a sin and a shame how some makers will cripple a good looking shoe and then tell you it is all the better for cutting the strength all out of it. Let's show you.

Charley Lawson, the popular salesman in this district for the Ely-Walker Dry Goods Company of St. Louis, is talking business with our merchants today.

Mrs. Tom Randolph, Miss Ada Randolph, Etta Randolph and nurse, Miss Oneida O'Hara, Miss Cleveland, arrived Sunday forenoon in President Davidson's private car and are stopping at the Crescent for two weeks or longer.

Mr. Owen Owen, or Caney, Kan., is here visiting his wife, who is summering in Eureka Springs. Mr. and Mrs. Owen were formerly residents of Fort Smith, but Mr. Owen invested in the Kansas oil fields, and his venture was so successful that he has been forced to change his place of residence in order to give personal supervision to his interests in the Sunflower state.

Dr. Bergstresser and Louie Parkhill, accompanied by two visitors—Missouri and Texas Tailors, tried their luck as fishermen Saturday night at Beaver. They had real good success, but as usual, the biggest fish got away. Dr. Bergstresser got a ten pound jack salmon to the boat's edge, but the fish proved too much for the doctor at the last moment, and escaped in safety.

Mrs. Robert Sharon and little daughter, Virginia, and Miss Lydia Jordan are due to arrive here Wednesday from Chicago. Miss Lydia accompanied her sister to Chicago nine months ago, and her young friends here are quite anxious to have her again at home, and it goes without the saying that there will be rejoicing in Dr. Jordan's home when these three loved ones reach there.

Last evening, about the time church services closed, a loud report was heard in the vicinity of Sweet spring, which was presumed to be a pistol shot. Officer McNabb started in pursuit of the offenders, and some church attendants joined in the chase, but it was found to be a false alarm, so far as it having come from any dangerous firearms. But 'twas an offense worthy of reprimand, nevertheless. The explosion was from a cartridge or torpedo placed upon the street car track, doubtless by some one of the Sutt Lovinggood order. No damage was done, beyond the frightening of ladies.

Mrs. S. A. Brace and Miss Ella, mother and sister of Mrs. E. C. Overstreet, write very interesting descriptive letters of their Western trip. They counted themselves fortunate in being delayed both at Salt Lake City and at Denver, as they were thus afforded more time for sight-seeing. Miss Ella has been offered a position in the schools at Sparks, Nev., and while in Eureka Springs received notice of her re-election by the school board at Fort Scott, Kan., to her old position in the schools in that city. Mrs. Overstreet thinks her mother and sister will remain in the West, as Mrs. Brace's relatives are all out there, and also her younger son, the idol of the family.

G. B. BURHANS TESTIFIES AFTER FOUR YEARS.

G. B. Burhans, of Carlisle Center N. Y., writes: "About four years ago I wrote you stating that I had been entirely cured of a severe kidney trouble by taking less than two bottles of Foley's Kidney Cure. It entirely stopped the brick dust sediment, and pain and symptoms of kidney disease disappeared. I am glad to say that I have never had a return of any of those symptoms during the four years that have elapsed and I am evidently cured to stay cured, and heartily recommend Foley's Kidney Cure to any one suffering from kidney or bladder trouble." H. T. Pendergrass.

Faith and Freedom.
Despotism may govern without faith, but liberty cannot.—De Tocqueville.

OF INTEREST TO MANY.
Foley's Kidney Cure will cure any case of kidney or bladder trouble that is not beyond the reach of medicine. No medicine can do more. H. T. Pendergrass.
