

Wake Up to Modern Business Methods

WHEREVER you go, your credit record follows you.

THE growth of the NATIONAL ASS'N has been so phenomenal that if you haven't established a credit record with one of its members you are classed as very doubtful, and will probably have to pay cash when you need credit in time of stress.

LOOK for our membership card on the cash register—otherwise they are not a member.

What about YOU at 60?

Then—will the investments you made when your earning power was high assure you the ease and comfort that you expected in old age?

Many people are today building for future independence by purchasing A. T. & T. stock for cash or on the monthly investment plan.

If you, too, are interested in this safe investment with good yield, ask any telephone employee for more particulars.
